Robust and Enduring

Our styli for measuring systems are characterised by durability, robustness and the highest quality.

Highest Quality

Mitutoyo styli are made to the highest standards to ensure maximum quality and performance.

Precision machined components made from the finest quality materials and Grade 5 (DIN 5401:2002) styli balls set the base for industrial quality assurance.

Compatible

Mitutoyo styli are identical in construction and interchangeable with standard styli on the market.

Ball Ø colour coded

With the new colour code design of our styli, the ball size can be quickly and directly identified by the colour ring on the base body.

| Code | Ball diameter | Color |
|---------|---------------|-------|
| K653033 | Ø 4 mm | green |
| K653034 | Ø 5 mm | black |
| K653032 | Ø 6 mm | red |
